EDUCATION

University of Cincinnati, College of Engineering and Applied Sciences, Cincinnati, Ohio
Master of Science, Computer Science (4.0 GPA)   *May 2015*

Jawaharlal Nehru Technological University, Hyderabad, India
B.E, Computer Science (3.6 GPA)   *June 2011*

PROFESSIONAL EXPERIENCE

University of Cincinnati, Cincinnati, Ohio   *March 2013 - Current*
Android Developer - Fuelytics
- Developed Fuelytics as a part of Ford Personalized Fuel-Efficiency App Challenge – an app that helps users visualize fuel consumption and other trip data in a seamless and innovative way in real-time.
- Fuelytics won the ***Best Overall App – Grand Prize***.

Android Developer – Bearcat Spirit
- An Android App that aims to provide University of Cincinnati fans with lyrics to fight songs and helps them sing along.

Lead Android Developer – NightRide (on-going)
- NightRide will enable all the students and faculty of UC community to request a NightRide van via their smartphone. We automate a streamlined process of picking and dropping students in the NightRide vans late in the night, which would otherwise be risky.

Persistent Systems Limited, Hyderabad, India
Software Developer   *September 2011 – August 2012*
- Worked as an ASP.NET Developer with Cox Digital Solutions - One of the world's largest advertising companies standing on par with Google Ads.
- Was an active part of building the Ad Server for Cox Digital Solutions, which handles thousands of advertisers and publishers and thousands of ads being served each day.
- Built an internal project for Persistent Systems with PHP, MySQL, HTML, CSS and JQuery for grading the newly recruited employees and interns based on their weekly and monthly performance metrics.

Now Floats Technologies, Hyderabad, India
Android Application Developer   *April 2011 – September 2011*
- Developed the very first version of Now Floats - A Geo-Social Networking Application in Android, which is now live and can be found on Android Market/ Google Play with a user rating of 4.5 out of 5.
- Now Floats was the winner of ***The Microsoft BizSpark India StartUp Challenge*** in Mobile Application category and won a grant of USD 30000.

Backstage Pass – School of Gaming, Hyderabad, India
Intern   *September 2010 – December 2010*
- Designed a multi-player Ping-Pong arcade game in Adobe Flash using Actionscript 3.0 and designed the game entities in Adobe Photoshop.
